NUTRITION & PHYSICAL HEALTH						
	Childhood Obesity Prevention: Inspiring Physical Activity	Physical activity provides health benefits for children and adults. Overcoming barriers to getting enough physical activity can be challenging. Parents and caregivers are important role models for children for developing positive health habits.	0-2	1 kit per 15 person	25 items	30
			Two Year	1 kit per 9 people	9 items	18
			3-5 year	1 kit per 15 people	16 items	30
	Childhood Obesity Prevention: Promoting Healthy Eating	Establishing healthy eating behaviors in childhood is essential for developing lifelong healthy habits. Child care programs have an important role in promoting healthy eating in young children. Based upon Let's Move! Child Care training developed by the Centers for Disease Control and Prevention, this focuses on best practices related to serving healthy food, offering healthy beverages and supporting infant feeding in the child care setting.	0-2	1 kit per 15 person	25 items	30
			Two Year	1 kit per 9 people	9 items	18
			3-5 Year	1 kit per 15 people	16 items	30
	I Am Moving, I Am Learning (IMIL)- Nutrition Building Blocks	Early childhood is an optimal time of growth and development. Healthy nutrition is a key for growth and also is a foundation for success in school and life. Learn more about ways to promote healthy lifestyles by establishing healthy preferences in early in life.	0-2	1 kit per 15 person	25 items	30
			Two Year	1 kit per 9 people	9 items	18
			3- 5 Year	1 kit per 15people	16 items	30

TOPIC AREA	Module	Description	Age	Kit/participants	Items	CAP
	I Am Moving, I Am Learning (IMIL) - MVPA (Moderate to Vigorous Physical Activity) Every Day!	Do the children in your care get at least 60 minutes of structured MVPA every day? You will experience MVPA activities that can be replicated with pre-school children.	0-2	1 kit per 15 person	25 items	30
			Two Year	1 kit per 9 people	9 items	18
			3-5 Year	1 kit per 15people	16 items	30

TOPIC AREA	Module	Description	Age	Kit/participants	Items	CAP
SOCIAL-EMOTIONAL						
	Giving Your Best: Making Secure Attachments	If you make a list of qualities of successful adults it will likely include: confidence, independence, strong social skills, resilience, cooperation, etc. The foundation for these traits is built on the relationships that infants and toddlers form with the adults in their world. Learn what you can provide for children today to help prepare them to be successful adults tomorrow.	0-2	1 kit per 9 people	9 items	18
	Creating Special Moments with Infants and Toddlers	Special moments should occur more often than celebrating children's birthdays or developmental milestones. This professional development program will help you discover how to create special moments with infants and toddlers every day. Learn how to turn diaper changing and other routine tasks into special moments that you share with each child.	Two Year	1 kit per 9 people	9 items	18
	Avoid Behavior Problems: Teach Self Control	How can you help children learn self-control skills? First we need to understand what we can expect from children as they grow and develop. In this lesson, learn how to analyze the level of self-control for each child in your care. Identify ways to adapt your program and teach children skills that promote self-control. Help children develop this important skill to be ready to start school.	3-5 year	1 kit per 15 people	16 items	30
	Problem Solving With Children	Hitting, grabbing, pushing, and biting: how do children learn to play nicely? Children can learn to solve their own problems, but they need adults to teach them how to do it.	3-5 year	1 kit per 15 people	16 items	30

TOPIC AREA	Module	Description	Age	Kit/participants	Items	CAP
